

The 2015 Popsicle Stick Bridge Competition was held on Saturday, February 7th, 2015 at the Museum of flight, marking the 20th anniversary of the ASCE YMF event! This year we saw 23 different schools participate, bringing 63 teams to compete. To help make this a success we had over 40 volunteers show up bright and early to run the registration table, judging tables, emcee the event, and be available for high school students to ask questions about engineering, college, and popsicle sticks.

We also saw three corporate teams attend and compete for number one engineering firm, they were: MKA, Buckland & Taylor, and URS/AECOM.

The winner of the corporate competition was URS/AECOM.

Results of the 2015 High School Competition:

Overall:

1st - Bridge Over Troubled Waters - Puget Sound Community School

2nd - No name at this time - Port Angeles High School

3rd - No name - Port Angeles High School

Strongest:

1st - Port Angeles High School #2 - Port Angeles High School

2nd - Pons Magnus - Coolidge Home School

3rd - force Normal - Stadium High School

Aesthetic:

1st - Max and Ethan's Bridge - Monroe High School

2nd - Itsohkei - Shorewood High School

3rd - Zakamundi - Monroe High School
